I am currently a fifth-semester undergraduate student majoring in Informatics Engineering at Universitas Sebelas Maret. Proven ability in web development with a focus on optimizing website performance and crafting user-centered experiences through UI/UX design principles. Leveraged academic experience to contribute to local government website projects and lead campus design committees. I am driven to be proactive in contributing innovative ideas, collaborating within a team, and meticulously attending to every detail.

Education

Universitas Sebelas Maret - Surakarta, Indonesia   Aug 2022 - Aug 2025 (Expected)

Associate Degree in Informatics Engineering, 3.79/4.00

- Led the development and management of the PKKMB UNS 2023 website as Coordinator, ensuring a smooth user experience for all incoming students.

Internship Experiences

Dinas Kependudukan dan Pencatatan Sipil Kabupaten Sukoharjo - Sukoharjo, Indonesia   Feb 2024 - Jul 2024

Frontend Developer

- Collaborated with developers, designers, and PM to deliver web apps on schedule. Increased productivity by 20% and reduced timelines by 5% with Agile methods.
- Designed and developed multi-device web apps with PHP Laravel, HTML, TailwindCSS, and JavaScript, translating complex designs into interactive user experiences
- Implemented front-end strategies to refine website performance, leveraging code minification and resolving issues using browser developer tools

Committee Experience

Volunteers Solo International Performing Arts 2024 - Surakarta, Indonesia   Mar 2024 - Present

WordPress Front-End Developer

- Volunteered as a WordPress Frontend Developer for international performing arts events. Translated UI mockups into high performing WordPress, emphasizing visual appeal and responsiveness. Proficient in HTML, CSS, and JavaScript with a focus on best practices

PKKMB UNS 2023 - Surakarta, Indonesia   Jun 2023 - Aug 2023

Coordinator Website & WordPress Frontend Developer

- Led a team of 4 in the design and development of the website's user interface (UI)
- Served as the Person in Charge (PIC) for website development, collaborating effectively with visual design, branding, and fundraising teams.
- Converted website mockups into a functional WordPress website, ensuring technical feasibility, user functionality, cross-browser compatibility, and optimal performance

Projects Experience

PawCare - Pet Care Booking Website Project - Surakarta, Indonesia   Sep 2023 - Dec 2023

UI/UX Designer

- Managed the design and development of a user-centric ordering website
- Conducting user research (in-depth interview and surveys) to define the target audience and optimize the user experience, and collaborating with developers to translate design concepts into functional features
- Crafted 10+ UI element prototypes in Figma, iteratively refining designs through A/B testing and user feedback loops to optimize user experience metrics such as conversion rates and task completion times

Awards

3rd Winner of UI/UX Design Smart IT Competition 2024   Mei - Jul 2024

The Smart it competition is a national competition organized by the D3 Informatics Engineering Program at Sebelas Maret University

- Successfully applied data-driven design strategies to develop user-centric solutions, ensuring user needs are met and providing exceptional value to the overall user experience

Skills

- **Hard Skills**: HTML5, CSS3, TailwindCSS, Bootstrap, JavaScript, Vue.js, PHP, Laravel, MySQL, Git, Responsive Web Design, UI/UX Design, Wireframe, Prototype
- **Soft Skills**: Collaboration and Communication, Adaptability, Attention to Detail, Problem Solving, Fast Learning, Time Management
- **Software**: Visual Studio Code, Figma, Miro, Microsoft Office(Word, PowerPoint – intermediate)
- **Language**: Indonesia(Native), English(Intermediate)
- **Course**: Dasar-dasar Desain Pengalaman Pengguna, Memulai Dasar Pemrograman untuk Menjadi Pengembang Software
